Christian Liberty Preschool

NEW PRODUCTS

This spring, we released a couple of new products. One is a science course for preschool and the other is a softbound version of *Story of the Middle Ages*.

CHRISTIAN LIBERTY PRESCHOOL SCIENCE

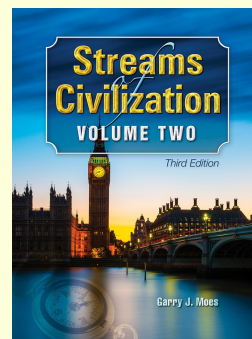

People do not often think of preschool and science going together, but Christian Liberty begs to differ. Our affiliated on-campus school—Christian Liberty Academy—has long included simple science lessons in its preschool, and its preschool director recently developed a course for Christian Liberty Press based on the science lessons taught to her preschool students.

It is our contention that preschool children are active learners. They love to touch, taste, hear, see, and smell their way through the world—this is part of the learning process.

To enhance this process, Christian Liberty has created a collection of thirty-four experiments and science concepts. *Christian Liberty Preschool Science* is designed to coordinate these science lessons with our preschool program, but it can also be used as a stand-alone product.

This science book includes numerous colorful photos, as well as detailed plans to help parents and teachers as they guide their students through each experiment. It has a wire, coil binding for easy use by instructors as they work with their students on the various experiments in this book.

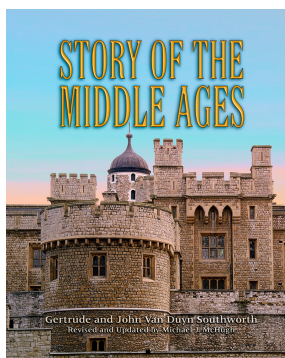

In addition, the *Christian Liberty Preschool Teacher's Guide* has recently been revised to include references to both *Christian Liberty Preschool Science* and *Bible Nuggets from A to Z* in order to integrate them into our overall preschool program.

Streams of Civilization Volume Two

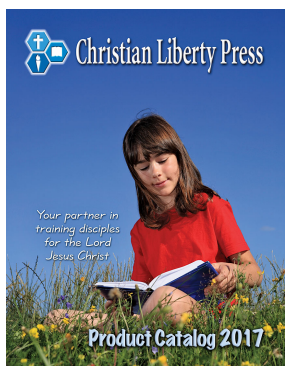

We have been hard at work on a new, third edition of *Streams of Civilization Volume Two* and want to give you a heads that it has gone to press. It, along with an updated teacher's manual and test packet, should be available in early September.

We are confident that you and your customers will like the improvements we are making in this new edition. More details will be available when the book is released.

STORY OF THE MIDDLE AGES— SOFTBOUND EDITION

For the first time in many years, we have released a softbound version of *Story of the Middle Ages*. The only difference from the hardcover edition—other than the binding—is the fact that you can now order this book at a lower cost. We have roughly 60 copies of the hardbound still in stock, so if you prefer that edition, order soon.

2017 PRODUCT CATALOG

We also recently mailed our 2017 Product Catalog. If you still need a copy and are located within the continental United States, we would be happy to send one to you. Just contact our customer service department to request a copy. You can also view the catalog on our website at <http://www.shopchristianliberty.com/content/distributors/CATALOG.pdf>.

GOING OUT OF STOCK

Do you still have customers who want to use our original *Streams of Civilization: Volume One* or *Adventures in Phonics: Level C*? If so, you can still get copies from Christian Liberty Press, but you will need to order quickly. At this point, we have less than 100 copies on hand for each of these titles. We are offering them—along with their support materials—at 60% off to all customers, so your discount will not apply when purchasing these items. Once gone, they will not be reprinted.

PRODUCT INFORMATION

Please note the product information below. Each of these items is currently available. Feel free to contact us if you have any questions. You may request a sample copy of the *Christian Liberty Preschool Science* book for your review if you live within the continental United States. You can also see a PDF sample at <http://www.shopchristianliberty.com/content/samples/69900.pdf>.
