## NEW for 2018

In this month's newsletter, we continue with our coverage of our revised products for 2018. This time, we are covering our updated language arts and teacher tools titles. Each of the items below are now available.

## LANGUAGE ARTS

With the latest update to the MLA writing style, it was time for Christian Liberty Press to update *Writing a Research Paper* and *Applications of Grammar: Book 4*. The second edition of *Writing a Research Paper* will guide students step-by-step through the process of writing a research

paper—from selecting a topic to publishing a final draft—all based on the new MLA style. The original edition of *Writing a Research Paper* is still available while supplies last.

*Applications of Grammar: Book 4* helps students transition from the rules of grammar to focusing primarily on their application. Students will focus on using their grammar skills through writing good sentences, outlines, drafts, and, ultimately, research papers. As with *Writing a Research Paper, Second Edition*, the updated edition of *Applications of Grammar: Book 4* has been revised to reflect the new edition of the MLA writing style. The accompanying support materials have also been updated to reflect the changes to the workbook.

## TEACHING TOOLS

We have released a second edition of the *CLASS Lesson Planner*. This popular planner has been extensively revised and updated to meet the particular needs of today's home educators. It thoroughly equips busy parents with practical help to manage their home school. It is packed with suggestions for developing lesson plans, organizational techniques, and forms that permit the homeschooler to be more efficient in school administration and in the creation of permanent records. The original edition of the *CLASS Lesson Planner* is still available while supplies last.

We do not typically write much about teacher's guides, but we are making an exception in the case of the second edition of the *Christian Liberty Preschool Teacher's Guide*. As part of our on-going effort to improve our preschool program, the teacher's guide has been extensively revised to completely integrate all of the components of our preschool program into a comprehensive educational plan, explaining when and how to use these materials. At the same time, it emphasizes our *Activity Book*, providing specific instruction on how to use each page in this workbook.

## 2018 PRODUCT CATALOG

We have just sent out our 2018 Product Catalog. You should receive a copy soon, but, if for some reason you do not, please feel free to contact customer service to request a copy.
