Note to the Teacher

As mentioned in the workbook Answer Key, the purpose of these quizzes is to help parent-instructors assess how much a student has retained from the week's lesson.

Each ten-question quiz in this packet covers workbook material and the Scripture memorization passage from that week's lesson. The quizzes are not cumulative in nature; only material from that week is covered.

Almost every quiz includes a question pertaining to the weekly Scripture memory verse. If your student is already memorizing Scripture (e.g., through Sunday school or some other related Bible activity) and you have chosen not to have him or her memorize the verses found in the workbook, note that it is still important that your student be at least familiar with the verse and book reference.

If, on the other hand, your student is memorizing the weekly memory verses and you wish to check how well he or she is progressing, you may wish to either:

1. Replace our quiz question with one for which the student writes out the memory verse; or
2. Add a second, separate quiz for which the student writes out the memory verse.

In either case, writing out the verse would total 10 points, with 1 point subtracted for each error made by the student.
