Introduction

The primary goal of phonics instruction is to help the student become a strong reader by teaching him the *sounds* made by individual letters and combinations of letters. This will enable him to sound out an unlimited number of words. Emphasis should be placed upon teaching the *sound* of each letter and not its name. Only the *sounds* of the letters help us read words. Once your student understands the basic rules of phonics, the world of reading will open up to him. This will also enable him to be a good speller.

It is important for teachers to follow the instructions located in this **Teacher's Manual** as a preparation for the daily lessons in *Adventures in Phonics Level C*. A home school teacher is able to have his student read drills from this **Teacher's Manual**. Keep in mind that each student learns at a different rate of speed depending on his previous schooling, his maturity, and the difficulty of the lesson. If your student has completed *Adventures in Phonics Level B*, many of the lessons will serve as a review and reinforcement of that workbook. If *Adventures in Phonics Level C*, however, is the first exposure to learning the sounds of the letters and to reading, the student may need extra drill and review. This workbook may be helpful to the older student who has not had a phonics background during his younger years of school. Many new words will be taught. **Spend as much time as you feel necessary to help your student understand each lesson.**

In the student's workbook, the pages have been perforated so that they can easily be removed to help the student in completing his work. All the student's work should be carefully saved for review purposes. The instructor may choose to have his student do the work in the workbook, keeping it all together.

As new work is introduced, it is recommended that the teacher go over the entire lesson with the student, making sure he understands the directions and knows what the pictures represent. The student should also give the answers orally; this is not a test, but a time of teaching and learning. Finally, he should neatly complete the page independently. The teacher should correct the student's work as soon as possible and have him rework any errors he makes. Before beginning the next lesson, a short time should be spent discussing the previous lesson.

The two most important attributes of a phonics teacher are loving patience and caring perseverance. May the Lord grant you, the instructor, an abundant supply of both.

Purpose

To review the sounds of consonants and vowels through reading words.

To review printing the capitals and small letters of the alphabet.

Lesson

Listen as your student says the sounds of each letter in the alphabet. Discuss the purpose of capitals, such as writing the name of a person (Adam) or place (Garden of Eden), or beginning sentences, etc.

This is the day that the Lord has made.

We will rejoice and be glad in it.

Discuss the directions, and go over the lesson as the student gives the answers orally. Give help as needed. Have him complete the lesson independently, stressing neatness as he begins this new workbook, and as he does the work on each page.

Check the lesson soon after it has been completed, and have the student make any corrections.

Welcome to Adventures in Phonics

Our language is built upon the twenty-six letters of the alphabet. Every word has at least one vowel. Most words have at least one consonant. It is important to know the sounds of the letters, as well as how to print them as capitals and small letters.

Nn	Oo	Pp	Qq	Rr	Ss	Tt	Uu	Vv	Ww	Xx	Yy	Zz

♦ Carefully print the correct words from the lists at the left under the pictures.

Purpose

To teach the use of the apostrophe for possessive words.

Lesson

Carefully discuss with your student the rules for using the apostrophe.

Have him read the following examples of using the apostrophe for possession:

Tom has a dog.
It is Tom's dog.

Jan has a coat.
It is Jan's coat.

A cow has a bell.
It is the cow's bell.

When your student understands the page and has given the answers orally, have him do the lesson independently.

Page 137

Purpose

To spend more time learning about the apostrophe with possessive words.

Lesson

It may be a little difficult to understand where to use the apostrophe with singular and plural words. Therefore, thoroughly go over the explanations under Rule 1 at the top of the lesson.

For extra practice, discuss the examples below. Before putting an apostrophe mark or an s anywhere; *first print the singular or plural form of the word*, then make it possessive.

a lady's hats ⇒ six ladies' hats

a tree's leaves ⇒ the trees' leaves

a man's coat ⇒ the men's coats

a cat's paws ⇒ the cats' paws

a baby's bibs ⇒ the babies' bibs

wolf's den ⇒ wolves' den

After your student understands the page and has given the answers orally, have him do the work independently.

The Apostrophe for Possession

The small mark called the **apostrophe** (') is used in two ways. This lesson deals with the first way.

RULE 1: To show that someone or something owns or possesses something, usually an **apostrophe** and s ('s) are added to the end of the word. (RULE 2, concerning contractions, is covered in a later lesson.)

◆ Add an **apostrophe** and an s ('s) to show possession or ownership.

door of car car's door Bible of Cal Cal's Bible
pen of Mike Mike's pen spoon of baby baby's spoon
desk of Pam Pam's desk shoe of Judy Judy's shoe
hat of Ted Ted's hat wall of room room's wall
scarf of Jan Jan's scarf cup of child child's cup
collar of dog dog's collar dress of lady lady's dress

An -s is added to many words to make them **plural**.
The 's is added to show ownership.

boy's balloons

Sara's smile is beautiful.

◆ Complete these sentences with words from the box at the right.

- The coat has four buttons.
- The boy's boots are under his bed.

The Apostrophe for Possession

RULE 1: To show that someone or something **owns** or **possesses** something,

usually an **apostrophe** and s ('s) are added to the end of the word. a pony's saddle the man's hat

☆ If a word needs to be plural and possessive, make the word plural; then add the 's. children's

☆ If a plural word ends in s, usually just the **apostrophe** is added to make it possessive.

six cows' bells many boys' jackets three girls' dresses five kittens' bowls

◆ As you study each phrase, underline the word with the **apostrophe** and think about how many people or things have something. If one person or thing has something, print the word **one** on the line. If more than one person or thing possesses something, print **more than one** on the line.

Eric's room one the robin's nest one
the babies' cribs more than one the eagles' wings more than one
the lady's purse one the puppies' ears more than one
the horses' barn more than one the cities' lights more than one
the duck's beak one the radio's plug one
the monkeys' tails more than one the men's tools more than one
the men's cases more than one the girls' shoes more than one

◆ Add an **apostrophe** and an s ('s) or just an **apostrophe** (') to show possession or ownership.

- Some boots belong to Connel, so they are Connell's boots.
- The bunnies live in a box, so it is the bunnies' box.

Page 138

Purpose

To teach the use of an apostrophe with contractions.

Lesson

Carefully go over the rules on how to form contractions. Contractions are usually used in more informal writings, such as friendly letters, rather than in reports, and other written material.

Discuss the following examples:

do not	⇒	don't
he is	⇒	he's
you will	⇒	you'll
we have	⇒	we've
was not	⇒	wasn't
they are	⇒	they're
she would	⇒	she'd

When your student has a good understanding of the page and he has given the answers orally, have him do the work independently.

Page 139

Purpose

To give additional work on the use of an apostrophe with contractions.

Lesson

Before you carefully go over the lesson with the student, discuss the following examples:

hadn't	⇒	had not
she's	⇒	she is
we'll	⇒	we will
you've	⇒	you have
isn't	⇒	is not
we're	⇒	we are
he'd	⇒	he would
(or)	⇒	he had

When he understands the page and has given the answers orally, have him do the work independently.

Note: The contraction 'd can stand for either *would* or *had*, depending on the context in which it is used. For example, *he'd* may stand for *he would* or *he had*. Likewise, the contraction 's can stand for either *is* or *has*, depending on the context in which it is used. For example, *he's* may stand for *he is* or *he has*.

The Apostrophe for Contractions

A **contraction** is a short way of writing two special words. They are written together, but **one or more** letters are left out. This lesson gives the second way in which the **apostrophe** is used.

RULE 2: An **apostrophe** is used to replace the missing letters. Usually the first word is not changed.

do not = don't they have = they've she is = she's you are = you're we will = we'll

◆ Print these words as contractions, putting in an apostrophe when the underlined letters are removed.
do not = don't would not = wouldn't were not = weren't

do not don't should not shouldn't are not aren't

had not hadn't were not weren't does not doesn't

has not hasn't was not wasn't is not isn't

have not haven't could not couldn't did not didn't

◆ Print these words as **contractions**. Take out the underlined letters, as in *we are = we're*.

they are they're you will you'll he had he'd

you are you're it will it'll she had she'd

we are we're I will I'll they had they'd

we would we'd he will he'll you have you've

he would he'd she will she'll we have we've

she would she'd we will we'll they have they've

they would they'd they will they'll I am I'm

◆ Complete these sentences with **contractions** made from the words in the box at the right.

1. Jim didn't get much sleep, so he can't stay awake.

2. I'm hoping that you're able to come to my party.

3. Jan knows she wouldn't be able to eat a big pizza.

4. Mother thinks that she'll go shopping today.

5. Now that this page is finished, we'll need a rest.

The Apostrophe for Contractions

Review again **RULE 2:** An **apostrophe** is used to replace the missing letters in contractions.

Usually the first word is not changed. An exception to the rule is *not* = *won't*.

do not = don't they have = they've she is = she's he would = he'd we will = we'll

◆ Print the two words that make up these contractions. ☆ Notice: *can not* = *can't* *will not* = *won't*

don't do not couldn't could not

hadn't had not isn't is not

hasn't has not didn't did not

haven't have not aren't are not
